General Disclaimer

All services provided by Re IV & Wellness are intended to support general health and wellbeing. They are not intended to diagnose, treat, cure or prevent any medical condition.

Medical Advice Disclaimer

Information on this website is general in nature and does not replace personalised medical advice. Please consult your GP or qualified healthcare provider for diagnosis, treatment or medical concerns.

IV Therapy Disclaimer

IV therapy services are provided following an appropriate health assessment and are subject to practitioner discretion. Not all services are suitable for all individuals.

Results Disclaimer

Individual experiences may vary. No specific outcomes or benefits are guaranteed.
